

Report of the auditor-general to Limpopo provincial legislature and the council of Sekhukhune District Municipality

Report on the audit of the consolidated and separate financial statements

Opinion

1. I have audited the consolidated and separate financial statements of Sekhukhune District Municipality set out on pages ... to ..., which comprise the consolidated and separate statement of financial position as at 30 June 2018, the consolidated and separate statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget and actual amounts for the year the ended, as well as the notes to the consolidated and separate financial statements, including a summary of significant accounting policies.
2. In my opinion, the consolidated and separate financial statements present fairly, in all material respects, the consolidated and separate financial position of the municipality as at 30 June 2018, and its financial performance and cash flows for the year the ended in accordance with South African Standard of Generally Recognised Practice (SA Standards of GRAP) and the requirements of the Municipal Finance Management Act (MFMA), 2003 (Act No. 56 of 2003) (MFMA) and Annual Division of Revenue Act, 2017 (Act No. 3 of 2017) (DoRA).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the consolidated and separate financial statements section of this auditor's report.
4. I am independent of the municipality in accordance with the International Ethics Standards Board for Accountants' *Code of ethics for professional accountants* (IESBA code) and the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of matters

I draw attention to the matters below. My opinion is not modified in respect of these matters.

Significant uncertainties

6. With reference to note 35 to the financial statements, the department is a defendant in various legal claims involving individuals and companies. The municipality is opposing these claims;

however, the outcome of the matters cannot presently be determined. As a result, no provision for any liability that may result has been made in the financial statements.

Restatement of corresponding figures

7. As disclosed in note 37 to the annual financial statements, the corresponding figures for the financial year ended 30 June 2018 have been restated as a result of errors in the financial statements of the municipality for the year ended 30 June 2017 discovered in the current year.

Unauthorised expenditure

8. As disclosed in note 42 to the annual financial statements, unauthorised expenditure to the amount of R54 159 575 was incurred, as the municipality overspent on the budget.

Fruitless and wasteful expenditure

9. As disclosed in note 43 to the annual financial statements, fruitless and wasteful expenditure incurred by the municipality in the prior year to the amount of R21 801 793, the amount of R17 815 693 was recovered and the remaining portion of R3 986 100 was not investigated.
10. As disclosed in note 43 to the annual financial statements, fruitless and wasteful expenditure incurred by the municipality in the current year to the amount of R110 651, is as a result of interest charged on overdue accounts.

Irregular expenditure

11. As disclosed in note 44 to the annual financial statements, the municipality incurred irregular expenditure to the amount of R26 621 779 in the current year as a result of non-compliance with regulation 38 of the MFMA.
12. As disclosed in note 44 to the annual financial statements, irregular expenditure written off as irrecoverable in the current year to the amount of R472 905 189 was not investigated.

Material losses (water distribution)

13. As disclosed in note 45 to the annual financial statements, material water losses to the amount of R97 012 345 (2016-17: R117 589 824) was incurred as a result of spillages and water provided to indigents.

Other matter

14. I draw attention to the matter below. My opinion is not modified in respect of this matter.

Unaudited supplementary schedules

15. The supplementary information set out on pages XX to XX does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

Responsibilities of the accounting officer for the financial statements

16. The accounting officer is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with SA Standard GRAP and the requirements of the MFMA and DoRA, and for such internal control as the accounting officer determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.
17. In preparing the consolidated and separate financial statements, the accounting officer is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the audit of the consolidated and separate financial statements

18. My objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.
19. A further description of my responsibilities for the audit of the consolidated and separate financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

Introduction and scope

20. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report material findings on the reported performance information against predetermined objectives for selected development priorities presented in the annual performance report. I performed procedures to identify findings but not to gather evidence to express assurance.
21. My procedures address the reported performance information, which must be based on the approved performance planning documents of the municipality. I have not evaluated the completeness and appropriateness of the performance indicators/ measures included in the planning documents. My procedures also did not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
22. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected development priorities

presented in the annual performance report of the municipality for the year ended 30 June 2018:

Development priorities	Pages in the annual performance report
Development priority 2.2 – Spatial rationale	x – x
Development priority 2.4 – Basic service delivery	x – x
Development priority 2.5 – Local economic development	x – x

23. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.

24. The material findings in respect of the usefulness and reliability of the selected are as follows:

Development priority 2.2 – Spatial rationale

Four preliminary studies conducted in Jane Furse for the land earmarked for municipal offices

25. The planned target was not specific in clearly identifying the nature and required level of performance and/or measurable as it did not specify the studies to be performed on the Jane Furse earmarked land.

Development priority 2.4 – Basic service delivery

Various indicators

26. I was unable to obtain sufficient appropriate evidence that clearly defined the pre-determined source of information to be used when measuring actual achievement for the indicator below.

27. The source information and/or evidence and/or method of calculation for achieving the planned indicator was not clearly defined.

28. The planned targets for these indicators was not specific in clearly identifying the nature and required level of performance to measure and enable verification of performance achievement and set targets.

29. The systems and processes that enable reliable reporting of achievement against the indicator were not adequately designed (include details of the inadequacies of the systems and/or processes)

Various indicators

30. I was unable to obtain sufficient appropriate audit evidence for the reported achievement of targets listed below. This was due to limitations placed on the scope of my work and/ or due to lack of adequate integrated performance information structure and system. I was unable to confirm the reported achievement by alternative means. Consequently, I was unable to determine whether any adjustments were required to the achievements reported.

Key performance indicator	Annual target	Actual progress
Number of bulk water meters installed by June 2018	8 bulk water meters installed	Achieved; Installation of 8 bulk water meters
Number of VIDP sanitation units constructed	334 VIDP Sanitation units constructed	Achieved; *334 pits excavated. * 334 pit linings *334 units installed *314 units signed off
Number of VIP sanitation units constructed	859 VIP Sanitation units constructed	Not achieved; 259 VIP Sanitation units constructed
Number of technical reports developed and submitted to DWS	3 technical reports developed and submitted	8 technical reports
Number of water quality reports generated	12 water quality reports generated	12 water quality reports generated
Number of VIP sanitation units constructed	1 295 VIP Sanitation units constructed	Not achieved; 1 002 VIP sanitation unit constructed.
Number of VIP sanitation Units constructed	960 VIP sanitation units constructed	achieved; 960 VIP sanitation units constructed
Number VIP Units constructed	1643 VIP sanitation units constructed	achieved; 1643 VIP sanitation units constructed
Number of VIP sanitation units	1193 VIP sanitation units constructed	1078 VIP sanitation units constructed

Key performance indicator	Annual target	Actual progress
Number of registered sanitation incidents resolved within 14 days	7000 registered water incidents resolved within 14 days	6978 registered water incidents resolved within 14 days
Number of registered sanitation incidents resolved within 14 days	700 registered sanitation incidents resolved within 14 days	804 registered sanitation incidents resolved within 14 days
Number of Health Care Risk Waste facilities monitored.	70 Health Care Risk Waste facilities monitored	141 Health Care Risk Waste facilities monitored
Number of registered sanitation incidents resolved within 14 days	7000 registered water incidents resolved within 14 days	6978 registered water incidents resolved within 14 days
Number of registered sanitation incidents resolved within 14 days	700 registered sanitation incidents resolved within 14 days	804 registered sanitation incidents resolved within 14 days
Number of water quality samples collected	210 water quality samples collected	293 Water quality samples collected

Development priority 2.5 – Local economic development

31. I did not raise any material findings on the usefulness and reliability of the reported performance information for this development priority.

Other matters

32. I draw attention to the matters below.

Achievement of planned targets

33. Refer to the annual performance report on pages ... to ... for information on the achievement of planned targets for the year and explanations provided for the under achievement of a significant number of targets. This information should be considered in the context of the material findings on the usefulness and reliability of the reported performance information in paragraphs [x to x] of this report.

Adjustment of material misstatements

34. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were on the reported performance information of development

priority 2.5: local economic development. As management subsequently corrected only some of the misstatements, I raised material findings on the usefulness and reliability of the reported performance information. Those that were not corrected are reported above.

Report on the audit of compliance with legislation

Introduction and scope

35. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the compliance of the municipality with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.

36. The material findings on compliance with specific matters in key legislations are as follows:

Annual financial statements, performance and annual report

37. The financial statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA.

Material misstatements of current assets and disclosure items identified by the auditors in the submitted financial statement were subsequently corrected and/or the supporting records were provided subsequently, resulting in the financial statements receiving an unqualified audit opinion.

Expenditure management

38. Reasonable steps were not taken to prevent unauthorised expenditure amounting to R 54 159 575, as disclosed in note 42 to the annual financial statements, in contravention of section 62(1)(d) of the MFMA. The majority of the unauthorised expenditure was caused by over spending in Infrastructure Water Services (IWS), speaker's office, municipal manager's office and community services.

39. Reasonable steps were not taken to prevent irregular expenditure amounting to R151 841 362 as disclosed in note 44 to the annual financial statements, as required by section 62(1)(d) of the MFMA. The majority of the irregular expenditure was caused by non-compliance to regulation 38 of the MFMA.

40. Reasonable steps were not taken to prevent fruitless and wasteful expenditure amounting to R5 900 773, as disclosed in note 43 to the annual financial statements, in contravention of section 62(1)(d) of the MFMA. The majority of the disclosed fruitless and wasteful expenditure was caused by interest charged on overdue accounts and SARS interest and penalties.

Consequence management

41. Irregular expenditure incurred by the municipality were not investigated to determine if any person is liable for the expenditure, as required by section 32(2)(b) of the MFMA.

42. Fruitless and wasteful expenditure incurred by the municipality was not investigated to determine if any person is liable for the expenditure, as required by section 32(2)(b) of the MFMA

Other information

43. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report which includes the audit committee's report. The other information does not include the consolidated and separate financial statements, the auditor's report and those selected development priorities presented in the annual performance report that have been specifically reported in this auditor's report.
44. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.
45. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements and the selected development priorities presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
46. I did not receive the other information prior to the date of this auditor's report. After I receive and read this information, and if I conclude that there is a material misstatement, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this auditor's report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

Internal control deficiencies

I considered internal control relevant to my audit of the consolidated and separate financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.

47. The leadership did not implement effective human resource management principles to ensure that relevant and sufficiently skilled resources are in place to manage performance information reporting and compliance with laws and regulations.
48. Although leadership developed an action plan to address the internal control deficiencies reported in the prior year, it was not monitored regularly and adhered to
49. Adequate controls over daily and monthly processing and reconciling of transactions were not properly implemented and as a result material misstatements were identified during the audit.
50. Although the leadership reviewed the annual financial statements and the annual performance report prior to their submission for audit, the internal control environment is not operating effectively as a number of misstatements were still identified.
51. There was no adequate review and monitoring of compliance with applicable laws and regulations
52. The annual performance report contained numerous misstatements mainly due to a lack of financial monitoring and review.

Other reports

53. I draw attention to the following engagements conducted by various parties that had, or could have, an impact on the matters reported in the municipality's financial statements, reported performance information, compliance with applicable legislation and other related matters. These reports did not form part of my opinion on the financial statements or my findings on the reported performance information or compliance with legislation.

Investigations

54. The municipality erroneously paid an amount of R5 452 014 into incorrect bank accounts during July 2018. As a result, investigations are being conducted by management, to determine the liable parties. The investigations were still ongoing at the reporting date.

Auditor-General

Auditor-General

Polokwane

20 December 2018

AUDITOR - GENERAL
SOUTH AFRICA

Auditing to build public confidence

Annexure – Auditor-general's responsibility for the audit

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements, and the procedures performed on reported performance information for selected development priorities and on the municipality's compliance with respect to the selected subject matters.

Financial statements

2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
 - identify and assess the risks of material misstatement of the financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
 - obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control
 - evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer.
 - conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Sekhukhune District Municipality ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a municipality to cease continuing as a going concern
 - evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Communication with those charged with governance

3. I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
4. I also confirm to the accounting officer that I have complied with relevant ethical requirements regarding independence, and communicate all relationships and other matters that may reasonably be thought to have a bearing on my independence and, where applicable, related safeguards.
